

# PRECREASE & COLLAPSE

## Trailer – Transcript

**Stéphane** Welcome to Precrease & Collapse.

[Theme] *Slottskogen Disc Golf Club* by Wintergatan

**Stéphane** My name is Stéphane, and I will be your host.  
Starting September 10th 2019, your new origami podcast will bring to you artists and creators from all over the world.  
And my first guest will be...

[Drumroll]

**Stéphane** Gachepapier ! In this first episode, he will take a walk down memory lane and remember how origami entered his life.

[Gachepapier] *My first real encounter with origami is really an accident. I came upon an origami book. I had no idea there was such things. So I bought it and there we went.*

**Stéphane** He will also share his thoughts on the evolution of the origami world and community

[Gachepapier] *The origami people are quite an interesting and eclectic crowd. I'm not the biggest origami historian, but in the ten years that I've been essentially designing models, yes, people get better, people build upon each other ideas.*

**Stéphane** And he might also give us some info on his upcoming book...

[Gachepapier] *That's quite a huge thing. It's very... It feels impossible ! Such a huge amount of work !*

**Stéphane** If that's not enough, there will be other segments... As, for instance, a book review...

[Stéphane] *And now it's time to pay a visit to the Great Origami Library.*

**Stéphane** And some origami spotting...

[Stéphane] *So, now, I'd like to show you how origami conquers the world.*
